No report.

2.7

2.8 Welfare

GEOFF SEAMONS

Geoff is approaching the half way mark with his radiation treatment, he seems to be handling it OK he does however get a little tired after the procedure and has to rest before going home.

KEVIN HOFFMAN

Kevin received the results of his PSMO scan last week, the doctors seem to think the cancer has gone into the lymph nodes this means he will be trialling a new drug for the next three months, after that his oncologist will then see if he will need radiology or chemotherapy.

MICHEAL SCHWARCZ

Micheal spent some time in hospital recently suffering from septicaemia, he will be going back to hospital next Thursday for an angiogram and a good possibility of having another stent put in this will be the fourth stent to be inserted. We wish him well.

BRYON STOODLEY

Bryon has had a hernia operation and hopes to be back playing soon.

ROD ROBERTS

Rod has had quite a few medical problems this year and hopes to make frequent visits to the club to see us all.

ROD GAMBLE

Rod will be going into hospital around the 16th Sept to have a by-pass, this is the long awaited by-pass he needs to be able to have a normal life. He will be away from bowls for at least a month after the operation. We wish him well.

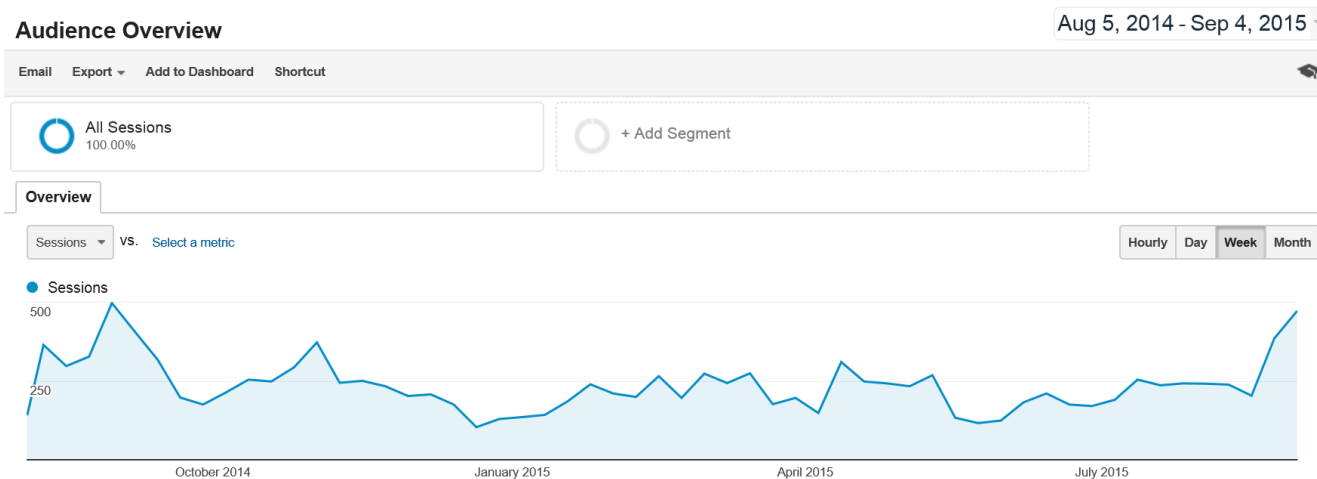

VALE

Lorraine Begg one of our lady bowlers lost her husband last week. Ernie passed away from a heart attack after suffering all year with skin cancer. I took the liberty of sending a sympathy card from the men's bowling club. May he rest in peace.

David Roles.
